

MX Master 4 for Business is our flagship mouse with advanced capabilities and enhanced connectivity. It's thoughtfully designed with advanced features that include an 8K DPI Darkfield laser sensor, Quiet Click technology, MagSpeed scrolling, a new Actions Ring(4), and haptic feedback. Two times more powerful connectivity(1) improves performance in congested wireless environments.

## WHAT'S IN THE BOX

- MX Master 4 for Business wireless mouse
- Logi Bolt USB-C receiver
- User documentation

## FEATURES

- **Enhanced Connectivity:** Includes a Logi Bolt USB-C receiver and new radio chip for 2x more powerful connectivity(1) with fully encrypted, FIPS-compliant connections for top-tier security
- **High-quality, durable materials:** This Logitech MX Master office mouse offers improved stain resistance(1) and is easier to clean, so you can keep it looking good for longer
- **Tracks on any surface:** Stop on a pixel every time with the 8K DPI Darkfield laser sensor; track with precision, even on glass(2) with this darkfield mouse
- **MagSpeed scrolling:** Glide through 1,000 lines per second or scroll line-by-line with pixel-perfect precision — experience effortless control with this advanced mouse
- **Quiet, focused work:** Quiet Click technology reduces click noise by 90%(3), creating one less distraction so you and your work neighbors can focus on work
- **Fast access to tools:** Actions Ring (4) enables instant commands at the push of a button; switch devices quickly with Easy-Switch, making this multi-device mouse ideal for seamless multitasking
- **Precision you can feel:** Customize app-specific haptic feedback via Logi Options+(5) for precise controls; receive gentle haptic reminders for battery and connectivity updates
- **Easier to recycle:** Sets a new standard for recycling with a design that makes it easier for recycling facilities to disassemble it into its different components

(1) Compared to MX Master 3S for Business

(2) 4 mm minimum glass thickness

(3) Compared to Logitech MX Master 3

(4) Requires Logi Options+

(5) Internet access required to download Logi Tune or Logi Options+. Downloads and software compatibility at [logi.com/tune](https://logi.com/tune) or [logi.com/optionsplus](https://logi.com/optionsplus)

(6) Requires users to predefine mice, keyboards, and hosts in Logi Options+

(7) For thumbwheel

(8) Excludes plastic in the receiver, printed wiring assembly, cable, and packaging.

(9) Sold separately

(10) Battery life may vary with user and computing conditions

(11) Requires Logi Tune installed on individual devices

(12) Basic functions will be supported without software for systems other than Windows and macOS

(13) Wireless range may vary depending on the operating environment and computer setup
