

## **EU GPSR Compliance (2023/988)**

SteelSeries A/S. (GN Hearing A/S.) is committed to ensuring that our products comply with all relevant national regulations, and therefore we hereby declare that all **SteelSeries** branded products in current and future production comply with the EU General Product Safety Regulation (EU) 2023/988.

This applies in particular to:

### **Safety Requirements (Chapter II of the Regulation):**

- All products have been analyzed, assessed and tested for product safety for many years.

Regarding the risk analyses, these will be reevaluated, if necessary, to include the aspects of Article 6 of the Regulation.

(for radio products this is covered by 2014/53/EU, for non-radio products an approach similar to Article 3.1(a) of 2014/53/EU is used).

### **Obligation of Economic Operators (Chapter III of the Regulation):**

- All products are already covered by other Union Harmonization legislation (e.g. 2011/65/EU, 2014/30/EU, or 2014/53/EU) as defined in Annex I to Regulation (EU) 2019/1020. This means that Part 1 of Chapter III (Articles 9 – 18) does not apply to these products (as similar requirements are already defined in the Union Harmonization legislation).

- In case of support for distance sales (Article 19), please refer to the Annex for information.

- GNH acknowledges its obligations as mentioned in Article 20 in event of accidents related to the safety of products.

**Note.** The updated requirements apply to products first placed on the EU market from 13/12/2024. It does not apply to products already in circulation on this date, meaning that products already in distribution or with retailers within EU on this date are not subject to the requirements.

Signed Taipei, Taiwan 2024-12-12 on behalf of SteelSeries A/S. (GN Hearing A/S.) by:

Chirky Lin  
Senior Regulatory Manager

**Annex:**
